DIARY NOTES

25X1A

DD/S [REDACTED]

5 September 1963

25X1A

1. I asked [REDACTED] to furnish me more information about the item in Joe Young's column of 4 September which indicated that some legislation was pending which would provide greater medical benefits to Federal employees generally. These benefits would include annual physical examinations, free immunization, and other services.

2. I talked with John Bross briefly about the size of his new staff. He is thinking in terms of about ten professionals and ten clericals. There is some consideration being given to having him occupy the East Building. We can't do anything on this at the moment, however.

3. John Bross telephoned to say that this summer his people had completed a study of fiscal procedures in the Clandestine Services and that he was forwarding a copy of this to Dick Helms and a copy to me with a memorandum which he had written to Dick. Among other things this report apparently recommends that the Budget and Finance Officers should be shaken loose from the Chief of Support in area divisions [REDACTED] and report directly to the Chief of the Division [REDACTED] H

I told John that I would be very glad to receive a copy of the report.

4. At a long session with [REDACTED] about the support problems of DD/S&T, I requested that as soon as their thinking is crystallized we have another session at which time he chart for me the support positions which are to be established so that we can do some intelligent planning as to how to fill them. I declined to release [REDACTED] pending resolution of the problem of replacing [REDACTED] as 25X1A9a

[REDACTED] and other shifts which may come about as a result thereof. Jack agreed that if he could have [REDACTED] he would release him at the end of one year without any questions asked.

5. I met with Bob Daly and Heinz Abersfeller to discuss the downtown office space in the [REDACTED] Building. It looks as though this building is pretty well out of consideration, but there are other possibilities which we are pursuing. (See my Memo of Conversation.) H

6. At the Executive Committee Meeting this morning the Director said that he had talked to Robert McNamara and Roswell Gilpatric, as well as Dean Rusk and Clark Clifford, about the Dunlap case. They are all seriously concerned, as is the President; and the Director feels that something must be done to establish uniform security procedures.
